Chapter 1 by StoryWolves 🐺 🐺 🐺

It was a late Saturday afternoon and I was on my computer when a message popped up. It was a post about how to lose weight. "Oh, how nice after tonight I'm just gonna wake up and be 20 pounds lighter!" I said to myself in disbelief. I when back over to ClickTalk when I saw it, One of the kids at school posted that I was the fattest of them all and I look like a whale.

They were super skinny anyways, it didn't look healthy for them either. Anyways I clicked the popup and it brought me to a page with pills named "WEIGHT LOSS EXTREME++ LOSE WEIGHT WITHIN 20 DAYS OR YOUR MONEY BACK!" it seemed like more of a description than a name though. Whoever made these must not know how to run a website. Well, I decided to order just for fun, I won't take one though, that wouldn't be a good idea now would it? When I went to the buy page they were only \$2 a pack. "That can't be right? What's going on here?" I bought it and had it sent to my P.O. box, sending it to my address didn't seem very safe. They arrived a week later, though the website said it would only take 3 days. I shrugged it off to overseas shipping. When I opened the box, I was greeted with a small pill container, much smaller than the box would make it seems. The directions were simple enough, take twice a day

the smallest pills I've ever had, it seemed very hard to get down my throat. After almost choking, my stomach felt really empty, but at the same time I didn't feel the urge to eat. "Whoah, this is weird I better eat something, this isn't normal" Even though I didn't feel hungry I knew I should eat something. I grabbed last night's pizza out of the fridge and took a slice. "Here goes nothing." I shoved it in my mouth, but I couldn't bring myself to swallow it. "Eww gross, that's not how pizza usually tastes!" I went to grab a glass of milk to get the taste out of my mouth but... suddenly, I saw someone watching me from my window. I went over to go see but they vanished. "Whatever, they probably just think I'm hot stuff or something. Perverts." I grabbed my milk but it tasted really bad and I spit out all over the table, and some of it even got on me. "Gross." Then Out the window, I saw the figure again. This time I grabbed my phone to call the police, both because of the figure and the pills. My line wouldn't connect though. "Alright this is getting weird. Well it already was weird but you know what I mean." Even my computer wouldn't turn on. Suddenly, the power went out. "What? I can't see!" Then a man appeared behind me and whispered in my ear "Lose weight now or your money back." Then He stabbed a knife into my throat. "Why... Help..." "no one can save you now" Then as I died he cut out part of my stomach. Lose weight now. Or your money back.
